1. Introduction

Welcome to our program for term 1, 2020.

Our principles

U3A Cygnet is a co-operative learning community (that's *the university*) for retired and semi-retired people (that's the *third age*), run by volunteers on a non-profit basis. We aim to encourage the pursuit of learning and the opportunity to acquire new skills and experiences in an informal and friendly atmosphere. There are no entry qualifications, assessments or awards.

Communications

This Program is the main way we tell people what's in our educational and social program for the coming months. We publish it three times a year. Download it from our [website](#), where you can also download our constitution, registration forms and other membership information. If necessary we can provide hardcopy of any of these items.

We also publish an email newsletter to keep members up to date with news, items of interest, and forthcoming events, plus any last-minute changes to the Program. And we have a suitably informal [Facebook page](#) – just search for U3A Cygnet.

New members

If you'd like to join U3A Cygnet, please fill out the registration form at the end of this Program, or if you wish to come to a few sessions as a guest while you sound us out, contact our Membership Secretary (details on the front page of this Program). You can join at any time.

2. A Smorgasbord of Talks

What	A series of interesting, stimulating talks on a wide variety of topics, with plenty of opportunity to discuss and ask questions
When	10.00 – 12.00 Wednesdays, weekly
Where	Life Centre, 8 Mary St, next to the bottom supermarket (Delicatessen) (carpark at rear)
Convener	Lyn Glover, 0477 550 171

4 March	<p>Aged Care Know How: COTA Tasmania</p> <p>COTA will present another session on understanding the aged care system and supports to older people to enable them to remain living well at home. This session will cover the range of short term services as well as ongoing services and how to access them. Anyone who has individual queries is welcome to raise them with the presenter after the session or make a follow up appointment.</p>
11 March	<p>Pathways to protection – Alison Pitt</p> <p><i>We are facing the biggest refugee and displacement crisis of our time. Above all this is not just a crisis of numbers, it is also a crisis of solidarity</i> - Ban Ki Moon, UN Secretary General</p> <p>Mainly this is a discussion of human rights and Australia's responsibilities in protecting our and others' human rights. Australia is a signatory to the Declaration of Human Rights as well as the UN Convention on Refugees in 1951. Discussion will include the differences between people seeking asylum, refugees and other migrants in an attempt to dispel some of the myths surrounding this issue. We will discuss where people come from and why and put ourselves in the shoes of those people who are forced to flee their homes and communities to find safety.</p>
18 March	<p>Tasmania's Vanishing Towns -Michael Holmes</p> <p>Based on his best-selling books <i>Vanishing Towns: Tasmania's Ghost Towns and Settlements</i>, and <i>Tasmania's Vanishing Towns: Not What They Used To Be</i>, Hobart based historian Michael Holmes will be taking us on a fascinating virtual journey, through the South-South East, describing and showing images of communities which have either vanished or are vanishing.</p>
25 March	<p>Climate and Weather - Mike Pook</p> <p><i>Climate</i> and <i>weather</i> are words used interchangeably these days, particularly in the media, but they have quite distinct meanings. We will distinguish carefully between the two terms, identify the main weather systems experienced in the Huon Valley, and discuss how they make our weather so interesting and different from other locations. Then we'll look more closely at what we mean by <i>climate</i> and examine how we represent it in maps, graphs and tables. Finally we will examine the broad features of the climate system and identify the so-called climate drivers in our region of the world.</p>
1 April	<p>North American Indians – Judi Timm</p> <p>North American Indians were the First Nation People living on the continent since 12,000 BC. This is a historical journey about their beliefs in the Great Spirit, "Wakan Tanka" and how their respect for the land and all that roamed on it was always first in their hearts. Only when the white man arrived did their world change forever.</p>
<p><i>Smorgasbord continues on the next page . . .</i></p>	

8 April	<p>Bird Flight – Bob Wills</p> <p>An amateur’s look at birds and flight where I hope to reinvigorate (if you ever lost it) your love of observing birds and their flight, using pictures and film clips. Starting from Otto Lilienthal’s book, through bird physiology to all the various types of bird wings and flight characteristics, whilst drawing comparisons to human aviation.</p>
15 April	<p>No session: Easter Week</p>
22 April	<p>Chile to South Africa on a three-masted barque - Rod McFarlan</p> <p>The Europa is an iron-hulled three-masted barque built in 1911. In 2016 I spent two months on board traveling from Chile to South Africa. On the way we visited Antarctica, South Georgia, and Tristan Da Cunha. This talk is about the ship, the places, and the experience. If I have time, I will also talk a little about a very different sailing trip to Cuba and the Western Caribbean.</p>
29 April	<p>Pulsars – Jim Palfreyman</p> <p>For fifty years astronomers have been trying to catch a glitch in a pulsar live with a large radio telescope. This was recently achieved for the very first time, here in Tasmania at the Mt Pleasant Radio Telescope near Cambridge. What is a pulsar? What is a glitch? Why do we care? Come along and find out about the internal workings of neutron stars! (Suitable for audiences at all levels.)</p>
6 May	<p>Meat and three veg - Elaine Reeves</p> <p>Is eating meat sustainable in a changing climate? Is it ethical? Elaine Reeves examines these questions, and also looks at heritage strains of beans suited to droughty times, old-time tomatoes that are healthier in the raw, and asks did upstart kale, unheard of in stylish circles twenty years ago, get to be a star vegetable solely on the merits of its nutritional qualities and taste?</p>
Note:	<p>All members! – not just Smorgasbord attendees - end of term lunch following this last talk – bring a plate</p>

3. Art – Continuers

What	<p>This is a self-tutored group.</p> <p>Art can be a solitary hobby, and often frustrating. This group is an opportunity to socialize, learn from, and share experience with other potential artists in an informal setting. It is not restricted to watercolours but includes other mediums such as acrylics, drawing and pastels (but not oils). As there is no tutor, it is designed to provide a space for those who are past the beginners' stage.</p>
When	Wednesdays, weekly
Where	Community Health Centre, 1 Frederick St (room 1 – front room)
Note:	<ul style="list-style-type: none"> • Places are limited: please book using the form at the back of this program. • Please enrol if you are interested - if there are sufficient numbers we may run a second session on another day.

4. Book Club

What	Each month we bring books on a specific theme. You can choose novels, biographies, diaries, histories, poetry, recipe books – in fact, any literature or written information compiled in book form about the monthly topic, which is why our meetings are interesting, informative and so much fun. Topics for term 1 include Holiday reading with a twist, Guilty pleasures, Essays, and Search for identity.
When	1.30 pm on the last Monday of every month (no stopping for term breaks)
Where	Community Health Centre, 1 Frederick St (room 1 – front room)
Convener	Lyn Glover, 0477 550 171
Note:	Places are limited: please book using the form at the back of this program

5. Family History

What	This is an interest group, not a course. A small group of genealogy tragics meet to share experiences, discuss techniques and generally learn from each other.
When	Last Wednesday of each month. 1.30 -4.00pm
Where	June's house just south of Cygnet – check with June as location may vary each session
Convener	June Cunningham 0407 187 300
Note:	Places are limited: please book using the form at the back of this program

6. Garden & Gourmet

What	A series of visits, talks and workshops on all things garden, and gourmet, with plenty of opportunity to look, discuss and ask.
When	10.00 – 12.00 Thursdays, weekly, except the first event, which is on WEDNESDAY AFTERNOON starting at 2pm
Where	See below, and the links to Google Maps, for each session
Convener	Elaine Reeves, 0427 172 179
Please note:	<ul style="list-style-type: none"> • Use your own discretion if weather is bad. On the day, we have no means of letting everyone know if event is cancelled. In the main, we are a hardy bunch and nothing stops us. • Bring a mug, except for Inverawe garden, and Harvest Festival at Health Centre. • Please call Elaine if you can contribute to morning teas.

4 March WEDNESDAY	<p>Fat Pig Farm, Glaziers Bay</p> <p>You have seen it on Gourmet Farmer – the 70-acre farm Matthew Evans and Sadie Chrestman moved to in 2011. Sadie is head gardener and will show us around the vegetable beds, poly tunnels, olive orchard, rehabilitated heritage apple orchard and to say hello to the namesake pigs over the fence. The aim is to use only produce from the farm at their Friday Feasts for forty at the on-farm restaurant. Fifteen or so vegetables from the farm feature at each feast.</p> <p>No charge, but so that we have some idea of numbers please tick the box on the Booking Form at the end of this program</p> <p>NOTE: This garden visit starts at 2pm, on WEDNESDAY, rather than our usual time.</p> <p>Address: Dillons Hill Road, Glaziers Bay. Turning into Dillons Hill Rd from Cygnet Coast Rd, you will see the Fat Pig Farm sign on your right a couple of hundred metres up the road. Please car pool.</p> <p>U3A facilitator Wendy Barker</p>
12 March	<p>Falcon's Rest, Woodbridge Hill</p> <p>Erika and Noel Willie had just about given up on finding a retirement property when they found twenty acres for sale near Hartzview Winery. It was pasture, some wobbly fences, two choked dams and an old goat shed. Erika said a permaculture design course she did before moving in changed her life. There were compromises though, because Noel liked roses, plants in their neat places and manicured lawns. They have a rose garden, spring bulbs, an orchard, and a vegetable garden where permaculture definitely rules. They grow 72 different fruits, have a South African section, various animals and a straw-bale house. Feel free to bring a container for clippings.</p> <p>Address: 330 Cross Rd, Gardeners Bay. Cross Rd is a left turn 5.5km along Woodbridge Hill Rd from the Cygnet side of the Channel Hwy.</p> <p>U3A facilitator Sally Wimbridge</p>

19 March	<p>Gardens of Lucindale, Lucaston</p> <p>This is the garden MJ Wallace dreamed of owning when she moved in four years ago from WA. The previous owners restored the 1907 house and spent ten years creating a three-acre “English” country garden around sixty-year-old poplars. They built a spring-fed lake (now visited each evening by a platypus) and three tiers of garden down to it from the house. There are many spring bulbs, but for our visit the 36 maple trees and poplars will be the focus.</p> <p>Address: 320 Bakers Creek Road, Lucaston. When Lucaston Road forks, take the left fork into Bakers Creek Road. Property is on the right up a little lane. Parking in front of the house. Car pooling would be appreciated.</p> <p>U3A facilitator Wendy Barker</p>
26 March	<p>Inverawe, Margate</p> <p>Bill and Margaret Chestnut moved to Tasmania about twenty years ago and have since created Tasmania’s largest landscaped native garden. They have planted over 12,500 natives attracting at least 110 species of birdlife. We will see banksia, grevillea, correa, paper daisy, kangaroo paw and many others.</p> <p>Entry fee of \$12 (to be paid on the day) includes tea/coffee and biscuits.</p> <p>Address: 1565 Chanel Highway, Margate (at the front of the train). Street parking available.</p> <p>U3A facilitator Wendy Baker</p>
2 April	<p>Froggy Ponds, Garden Island Creek</p> <p>Rob and Janet Cox moved from Adelaide in the late 1990s and lived in a shed while Rob built their home. Janet set about creating her garden from anything and everything she could lay her hands on. Silver birches and agapanthus edge the driveway and a raised rose garden and arbour feature at the front of the house. Rob has built a wonderful entertaining area including a wood-fired pizza oven. A fully netted vegetable garden is also very productive.</p> <p>Address: 19 Lowes Road, Garden Island Creek. Roadside parking.</p> <p>U3A facilitator Wendy Barker</p>
9 April	<p>Short garden, Franklin</p> <p>Trudy and Adrian Short bought their very flat property nineteen years ago and began to clear the blackberries. You can no longer take in all the garden in one glance, instead paths wind through different rooms. Many birds are attracted to the native trees. There are ferns, and just last November, a dam was incorporated into the garden. Fruit trees and elderberries are dotted throughout the garden rather than all being in an orchard.</p> <p>Address: 64 Chittys Rd Franklin. Go beyond the main part of Franklin and turn right into Braeside Rd. After 850m turn right into Chittys Rd. No 64 is on the right.</p> <p>U3A facilitator Sue Howard</p>
16 April	<p>No garden: Easter Week</p>
<p><i>Garden & Gourmet continues on the next page . . .</i></p>	

23 April	<p>Shipyards Orchard, Cygnet</p> <p>This is the home of Crooked Tree Hazelnuts, planted with just over 1,000 trees in 2010 by David and Sally Brown (who sells them at Cygnet Market). They will take a break in the middle of harvest when we visit, to tell us about the tricky pollination and harvesting of hazelnuts and why the April harvest cannot be sold until July. Sally is a passionate gardener and around the house are five acres of ornamental garden and extensive lawns planted with ornamental trees. As well there is a big vegie garden.</p> <p>Address: 7190 Channel Hwy Gardners Bay. U3A facilitator Elaine Reeves</p>
30 April	<p>Harvest Festival, Cygnet</p> <p>This will be our get-together for the term. Elaine Reeves will give a talk on the history of food preserving, from salting to snap freezing, and we will all bring a plate of food to share. Also bring preserves, seedlings, cuttings, flowers and fruit for the swap table.</p> <p>Address: Health Centre, 2 Frederick St, Cygnet. Enter back room by side door. U3A facilitator Helen Shevels</p>
7 May	<p>Van Riddle garden, Franklin</p> <p>Deb and Martin have lived in this old farmhouse for twenty years. They pulled out an orchard to create a rambling garden of hedged rooms on a slope. More recently Deb and a neighbour created the Franklin Fruit Loop, a fenced off public walkway through two private properties (a partnership with neighbours Shane and Jane). It runs between Old Rd and New Rd. Already you can enjoy the view and eventually walkers will be able to help themselves to fruits, nuts and herbs planted along the walk, which runs parallel to a wildlife corridor.</p> <p>Address: 48 Old Road, Franklin. Drive past the house and letterbox. Everybody to park on the same side of the drive. If you would like to also walk the Fruit Loop you could park at Shane and Jane's place at 43 New Road, walk uphill along the Fruit Loop and return that way after the garden visit.</p> <p>U3A facilitator Elaine Reeves</p>
